PROFILE

A proactive Front-end (React.js) Web Developer with a Bachelor's degree in Computer Science and Information Technology. Seeking a position in a stable company to utilize my skills and contribute to the company's success.

EDUCATION

Bachelor of Science in Computer Science
Faculty of Engineering, Zagazig University

2019 – 2024
Sharqia, Egypt

SKILLS

Technical — React.js | JavaScript | Redux Toolkit | HTML5 | CSS3 | Tailwind CSS | Bootstrap 5 | Git/Github | Material Ui

PROJECTS

Website Builder (Graduation Project) 🔗

- Developed a website builder with React.js, Tailwind CSS, and Redux Toolkit, featuring customizable sections and templates, and backend integration with authentication state management.
- Integrated i18next to support seamless switching between Arabic and English.

Restaurant Market 🔗

- Built an e-commerce platform with React.js and Tailwind CSS, integrating restaurant and market functionalities, product listings, and interactive sliders using React Slick.
- Managed cart functionalities and state efficiently with Redux Toolkit.

Portfolio Website 🔗

- Created a personal portfolio to showcase projects, using Formspree for contact forms and Framer Motion for animations.
- Implemented i18next for multi-language support.

Quran App 🔗

- Developed a React.js application with Tailwind CSS and Redux Toolkit, displaying Quranic verses with audio playback and navigation between surahs and verses.
- Integrated audio playback features and managed state with Redux Toolkit.

Restaurant Landing Page 🔗

- Designed a modern and responsive landing page for a restaurant using React.js and CSS.
- Focused on clean design and user experience.

Game Hub Website [↗](#)

- Created a hub for discovering various games using JavaScript and CSS.
- Designed a user-friendly interface for gamers to explore and engage with content.

Web Developer Showcase [↗](#)

- Created a portfolio website using HTML, CSS, and JavaScript
- Highlighting skills, projects, and technologies through engaging interactive content.
